

**NAME OF ACTIVITY: LECTURE SERIES ON CHANDRAYAAN 3,
DATE: 19.08.2023, NO. OF BENEFICIARIES: 26 (SYBSC AND TYBSC)**

The unveiling of the mysteries surrounding the lunar south was a captivating experience during India's Chandrayaan-3 mission. Students demonstrated remarkable enthusiasm as they attentively followed a comprehensive two-day lecture series. The event concluded with a lively discussion and a productive Q & A session. To gauge the effectiveness of the sessions, students were provided with a questionnaire to assess their understanding. This initiative not only showcased a keen interest in space exploration but also encouraged active engagement and learning among the students.
